

FIREWOOD ALERT!

You have the power to protect Colorado's trees and forests!

BUY IT WHERE YOU BURN IT.

Pests like the invasive emerald ash borer can hitchhike in your firewood. Help us prevent new invasive species from reaching Colorado's forests.

- ▶ Don't bring firewood into Colorado from out of state.
- ▶ Use firewood from your property on site, and don't take it with you when you travel around Colorado.
- ▶ Buy local, or gather on site only when permitted.
