Emerald Ash Borer Awareness Week starts this weekend!

May 22nd to 28th 2016 is Emerald Ash Borer Awareness Week. Outreach specialists around the nation will be promoting emerald ash borer awareness messages, which may include: safer firewood choices, emerald ash borer signs and symptoms, the need to plant a more diverse urban canopy for the future, or anything else you come up with. We've got lots of past ideas and free downloads to pick through on our toolkit, if you still need some inspiration.

Infestations and Regulations

Spotted lanternfly emergence in May

Did you know that the Spotted lanternfly, a federally quarantined pest currently under eradication in the state of Pennsylvania, emerges from its egg masses in May? The various instars are all quite beautiful, but aesthetics aside- this pest is one to be on the lookout for!

Don't Move Firewood Campaign

Thanks to all who fact checked!

We received a great deal of feedback on our annual Don't Move Firewood regulation and recommendation map summary pages this year- thank you! The important annual project allows us to offer the most comprehensive and easy to use summaries in the world of North American firewood and forest pests. If you'd like to include a link to our map on your printed or web materials, the link is easy: dontmovefirewood.org/map
