

FIREWOOD ALERT!

You have the power to protect Minnesota's trees and forests!

**BUY IT WHERE
YOU BURN IT.**

Pests like the invasive emerald ash borer can hitchhike in your firewood. Help us prevent the spread of this pest — and others — in Minnesota forests.

- ▶ Don't bring firewood into Minnesota from out of state.
- ▶ Use firewood from your property on site, and don't take it with you when you travel around Minnesota.
- ▶ Buy heat-treated MDA certified firewood, or gather on site when allowed.

**DON'T MOVE
