

FIREWOOD ALERT!

You have the power to protect Montana's trees and forests!

BUY IT WHERE YOU BURN IT.

Pests like the invasive emerald ash borer can hitchhike in your firewood. Help us prevent new invasive species from reaching Montana's forests.

- ▶ Don't bring firewood into Montana from out of state.
- ▶ Buy local, or gather on site when allowed.
- ▶ If you have already moved firewood, use it immediately. Do not take it home with you and do not leave excess firewood on site.
