

FIREWOOD ALERT!

Pests like the invasive *emerald ash borer* can hitchhike in your firewood. *Help slow the spread of pests:*

— ***DON'T MOVE FIREWOOD*** —

Firewood Options Allowed For Use On This Site:

- Dead and downed trees collected here.
- Certified heat-treated firewood purchased from a vendor.
- Manufactured logs made from extruded or pressed sawdust.
- Any firewood from within the state, except from state-quarantined counties for any pests, including the emerald ash borer.

Prohibited:

Any firewood from other states or from within a state-quarantined county for any pests (*unless purchased and certified heat-treated*).

If you mistakenly brought prohibited firewood, use/burn it immediately.
